CALL FOR MOBILITY 2019

Dear Participants, we welcome you to join us in our youth mobility, taking place at Agape Centro Ecumenico, Prali – Italy, this June 1st-6th. In this call we will explain what Tevip is and how you can be part of this extensive learning experience with youth age 18-26 from all around Europe. We look forward to meeting you and learning along side you!

TEVIP'S AIMS AND OUR MOBILITY

“Translating European Values Into Practice” by planpolitik, Youth of Europe, Center for Citizenship Education CEO, Rete Educare ai Diritti Umani, Agape Centro Ecumenico, DARE network - Since 2017 these six organisations have been teaming up to create and share a manual of new methodologies analysing our relation with values and their practice. After a first mobility taking place in Poland last year, we are inviting you again to be part of this project. Together we will reflect on the way values shape our relationships and identities in Europe. You will be involved in testing new activities and sharing your valuable insights on how we can further prepare youth living in Europe for civic engagement.

The educational approach is based on non formal learning principles. This means we will discuss, play and interact, helping each other, learn life lessons that cannot simply be found in a textbook. The working language of the mobility will be English, but you don't need to be fluent to attend, all are welcome.

The application process is now open and you can apply using this link:
